Miscellaneous Information

We mention the “Master Classes” being given every evening in the analysis room where players may have their games analysed by an invited player. Tonight we have Moldovan GM Victor Bologan as the invited guest. The tournament commentary by Stuart Conquest has been extremely popular not only to the spectators visiting but to the thousands online. We have been doing interactive question and answer not only through online chess clubs such as ICC but also through Internet services such as windows messenger.

If you require any high definition photographs for your club, family, association, paper or journal please let Bill O'Rourke know in the control room and he will try to take them and e-mail them off to their destination
